Marla Brower Hemmel, Managing Agent
Lisa Parra, CCAM, Community Manager
Windflower@BHEManagement.com

Air Conditioner Overflow

Each of our air conditioning units has an emergency overflow drain in case the main condensate drain gets clogged. The location of the overflow drains are: A units drain to the street behind the garages, B and C units drain into the patio area.

If for any reason the emergency overflow drains get backed up by debris, etc., the only place for this water condensation to go is into your attic. This could be a very costly homeowner repair. Please make sure your overflow drains are not dripping water. If they are, you will want to contact your plumber as soon as possible.

Speeding within the Community is Extremely Dangerous

Windflower Community Speed Limit is **14 mph**. Homeowners, Residents and Visitors need to keep in mind this is a family community with pedestrians, young and old, crossing our streets regularly with pets and even strollers.

Please observe our speed limits

AVCA News

Please see the website for the current month's AVCA newsletter by Mas Morino.

Your Children and Pets Are Your Responsibility

The Association continues to receive complaints that children are riding their bicycles and scooters through the planters and along the slopes, which has severely damaged the Association's new and existing plants. Also noted, children are removing blooms from flowering plants within the Community. The Association has strived to rejuvenate the landscaping throughout the Community, and we ask **YOU**, as parents, to please supervise and educate your children as to where their playtime activities should take place and to show respect for the Community's plant life.

Drive courts and streets are **NOT** a playground for children. It is the parent's responsibility to make sure your children are playing safely. The Association continues to receive complaints of children playing and riding bicycles, scooters, and skateboards in the drive courts challenging moving vehicles. This is a safety issue for all residents. Please be responsible parents and restrain your children from playtime activities in these areas of concern.

Drive courts, streets and carports are **NOT** art canvases. If you choose to allow chalk, please keep it in your garage or on your front porch. Chalk visible to the Community must be removed within 24 hours.

Pet Waste must be picked up immediately and disposed of properly. It is your responsibility as a pet owner to pick up after your pets. **If you are caught not cleaning up, you will be subject to an immediate hearing pending a \$250.00 fine.**

Termite Repair

Termite and dry rot repair will begin on all buildings and carports throughout the community on July 27th. Thank you in advance for being patient while the repairs are complete. This should take approximately two weeks.

Reminders

- 1) New Pool Ruling goes into effect on August 1st. Should homeowner, tenant or guest fail to follow the Pool Rules, **homeowner will be subject to an immediate hearing with a \$250 fine pending.**
- 2) Please check your Water Shutoff Valve to make sure it is functioning properly in order to turn off the water to your individual unit should a water leak, either Association related or homeowner related, occur. Your Water Shutoff Valve is located either at the front entrance below the water faucet or in the garage below the water faucet, depending upon which development stage your unit was built.
- 3) Please remove all **OLD** Patrol-One Parking Permit decals from your vehicles, keeping only the 2011-2012 current valid permit decal.
- 4) Only signed complaints to Management regarding the community are valid. Anonymous complaints are insignificant to validate action from the Association.

Dumpster Housings

It has been noted that some residents are placing their trash outside of the dumpsters. Please be courteous to your neighbors and place your trash where it belongs. *Please note* that if you have an oversized item, **YOU MUST CALL CR&R (714)372-8272 FOR YOUR FREE PICK UP.** If Management contacts CR&R, the Association will have to pay for your large item pick up. ***This may end up increasing your dues.***

If you are caught placing a bulky item(s) in the enclosure, you will be subject to an immediate hearing with a **\$250.00 Pending Fine.**

Changing Your Door Hardware?

Please be advised, there is only **one** approved replacement door hardware for the Community.

If you are planning to replace your door hardware, please visit the Community website, for detailed specifications. Please note that if you replace your door hardware with an unapproved style and/or finish, you may be called to hearing before the board of directors and subject to a possible fine.

New Proposed Parking Ruling **Effective August 31st, 2011** **Opportunity for Comment**

In the allocation of residential parking permits, only 4-wheeled, motorized vehicles and Class M1 motorcycles will be allowed. Scooters, mopeds, dirt bikes and/or motorized bicycles will no longer be regarded as a third vehicle in which to obtain a parking permit.

Off-Site Owners

Please make sure to submit your **Tenant Information Forms** to Management within **two** weeks of executing a lease.

Do your tenants know the rules??? Just a reminder, it is the **homeowner's responsibility** to provide your tenants with a copy of the Windflower Community Association CC&R's and Rules and Regulations.

Garage Doors

Maintenance, such as cleaning and/or repair and painting is the homeowners' responsibility. Please help in maintaining the Community's aesthetics by performing these tasks on a regular basis. **A big THANK YOU to those of you that have replaced, repaired and/or painted their garage doors!**
